● **NOUVEAUTÉ** : Le joint d'étanchéité est désormais pré-positionné en usine. Collez-le sur toute sa longueur avant montage.

● **NEW** : The seal is now pre-positioned at the factory. Paste it along its entire length before mounting.

● **NUEVO** : El sello ahora está preposicionada en la fábrica. Pégallo en toda su longitud antes del montaje.

● **NUOVO** : Il sigillo è ora pre-posizionato in fabbrica. Incollalo per tutta la sua lunghezza prima di montarlo.

● **NIEUW** : De afdichting is nu vooraf gepositioneerd in de fabriek. Plak het over de gehele lengte voordat u het monteert.

● **NEU** : Die Dichtung ist jetzt werkseitig vorpositioniert. Fügen Sie es vor der Montage über die gesamte Länge ein.

● D'éventuelles irrégularités de surface sur le dessous de votre receveur n'empêchent pas une installation conforme aux préconisations de pose. La colle (polyuréthane ou MS polymère) comblera facilement ces manques lors du collage.

● Any surface irregularities on the underside of the shower tray have no influence on the installation according to the installation recommendations. The adhesive (polyurethane or MS polymer) compensates for these unevenness when bonding the feet off without any problems.

● Posibles irregularidades de la superficie en la parte inferior del receptor no impida la instalación de acuerdo con las recomendaciones de instalación. El adhesivo (poliuretano o polímero MS) rellenará fácilmente estos huecos al pegar los pies.

● Eventuali irregolarità della superficie nella parte sotto della doccia non impediscono l'installazione in base alle raccomandazioni di montaggio. La colla (poliuretano o MS polimero) riempirà facilmente queste lacuna quando si incollano i piedini.

● Eventuele onregelmatigheden in de vlakke onderzijde van uw douchebak vormen geen belemmering voor een installatie conform aan de gestelde richtlijnen. De lijm (polyurethaan of MS-polymeer) vult eventuele openingen makkelijk op tijdens het lijmen.

● Eventuelle Unregelmäßigkeiten der Oberfläche an der Unterseite Ihrer Duschwanne haben keinen Einfluss auf die Installation gemäß den Einbauempfehlungen. Der Klebstoff (Polyurethan oder MS-Polymer) gleicht diese Unebenheiten beim Verkleben problemlos aus.

● Aspirer le dessous de votre receveur avant la pose

● Vacuum the bottom of the shower tray before installation

● Aspirar la parte inferior de su plato de ducha antes de instalarlo

● Aspirare la parte sottostante del piatto doccia prima dell'installazione

● Stofzuig de bodem van de douchebak voor de installatie

● Saugen Sie den Boden der Duschwanne vor der Installation ab
