P. 4 - 12

- F** D'éventuelles irrégularités de surface sur le dessous de votre sol n'empêchent pas une installation conforme aux préconisations de pose. La colle (polyuréthane ou MS polymère) comblera facilement ces manques lors du collage.
- GB** Any surface irregularities on the underside of the floor have no influence on the installation according to the installation recommendations. The adhesive (polyurethane or MS polymer) compensates for these unevenness when bonding the feet off without any problems.
- E** Posibles irregularidades de la superficie en la parte inferior del suelo no impida la instalación de acuerdo con las recomendaciones de instalación. El adhesivo (poliuretano o polímero MS) rellenará fácilmente estos huecos al pegar los pies.
- I** Eventuali irregolarità della superficie nella parte sotto del pavimento non impediscono l'installazione in base alle raccomandazioni di montaggio. La colla (poliuretano o MS polimero) riempirà facilmente queste lacuna quando si incollano i piedini.
- NL** Eventuele onregelmatigheden in de vlakke onderzijde van uw vloer vormen geen belemmering voor een installatie conform aan de gestelde richtlijnen. De lijm (polyurethaan of MS-polymeer) vult eventuele openingen makkelijk op tijdens het lijmen.
- D** Eventuelle Unregelmäßigkeiten der Oberfläche an der Unterseite Ihres Bodens haben keinen Einfluss auf die Installation gemäß den Einbauempfehlungen. Der Klebstoff (Polyurethan oder MS-Polymer) gleicht diese Unebenheiten beim Verkleben problemlos aus.

**F** Aspirer le dessous de votre sol avant la pose

**GB** Vacuum the bottom of the floor before installation

**E** Aspirar la parte inferior de su suelo antes de instalarlo

**I** Aspirare la parte sottostante del pavimento prima dell'installazione

**NL** Stofzuig de bodem van de vloer voor de installatie

**D** Saugen Sie den Boden des Bodens vor der Installation ab

- Vérifier que tous les pieds soient bien en contact avec le sol
- Check that all feet are in contact with the floor
- Compruebe que todos los pies están en contacto con el suelo
- Controllare che tutti i piedi sono in contatto con il pavimento
- Controleer of alle voeten in contact staan met de vloer
- Prüfen, ob alle Füße sind in Kontakt mit den Boden berühren

- Sol rigide et non-humide indispensable
- Ensure a solid dry surface
- Suelo rígido y sin humedad imprescindible
- Il suolo deve essere ben asciutto e non umido
- De ondergrond moet volkomen vlak en droog zijn
- Untergrund muss fest und darf nicht feucht sein

- Raccorder votre évacuation à la bonde
- Connect the waste pipe
- Conectar el tubo de evacuación al sumidero
- Collegare il tubo di evacuazione alla piletta
- Sluit de afvoer aan op het afvoerputje
- Das abflussrohr an den ablauf anschließen

- Cale en bois si nécessaire
- Provide support if necessary
- Soporte de madera en caso necesario
- Supporto in legno, se necessario
- Gebruik eventueel een houten blokje
- Ggf. holzklotz vorsehen

- Colle polyuréthane
- Polyurethane adhesive
- Pegamento de poliuretano
- Adesivo poliuretano
- Polyurethaan kit
- Polyurethan-klebstoff

A technical drawing of a rectangular glass panel. A curved line indicates a break in the panel. Labels include a triangle 'A1', a circle 'SI', a square 'SO', and a triangle 'E1'. Arrows point from these labels to their respective locations on the panel.  
A diagram showing the disassembly of the glass panel into several components: a glass panel, a circular gasket, a circular spacer, a circular ring, a circular cap, and a threaded rod with a nut.  
A diagram showing the assembly of the glass panel. The glass panel is being inserted into a cylindrical frame. A circular gasket is being placed around the edge of the glass panel.  
A diagram showing the final assembly step. The glass panel is now fully seated in the frame, and a small circular cap is being placed over the bottom edge of the frame.
